# Practising Perio

*With Julie Rosse and Michael Goodman*

The back-to-basics approach to diagnosing and treating periodontal disease in general practice, along with hands-on techniques and expert guidance

**Leeds: 10-11 May 2024**

**Hinckley: 28-29 June 2024**

# TUTORS

**Julie Rosse** is a highly accomplished Dental Hygienist with over 30 years of experience, specialising in periodontal disease treatment and holistic oral care.

Since graduating from the Eastman Dental Institute in London, Julie has gained extensive experience in various capacities, including general practice, NHS, community dental health, and specialist referral private practice.

Julie's commitment and dedication to the profession led her to serve as President of the British Society of Dental Hygiene and Therapy from

2012 to 2014, advocating for advancements such as Direct Access.

She is an active member of multiple dental associations and frequently engages with diverse audiences at industry events and schools, emphasising the importance of oral health education.

**Michael Goodman**, a dedicated periodontist, began his dentistry journey at the University of Sheffield, recognising the vital link between gum health and overall well-being.

Michael honed his skills through specialised training at the Royal College of Surgeons in London and pursued a Master of Science degree in Periodontology at the Eastman Dental Institute.

Central to Michael's practice is his belief that healthy gums are integral to the bodies overall health.

A gifted communicator, he excels in inspiring and motivating his patients to achieve optimal oral health outcomes.

Harnessing this talent, he became an undergraduate tutor at University of Sheffield in 2023.

# VENUES

**10-11 May 2024**

**Thorpe Park Hotel & Spa**

1150 Century Way, Thorpe Park, Leeds, West Yorkshire, LS15 8ZB

# DAY 1

<b>8.45 - 9.15</b>	<b>Welcome and Registration</b> Welcome and overview of the two days.
<b>9.15 - 9.45</b>	<b>"Managing Oral Health in a Changing Population"</b> This session will look at the changing face of the UK population and the challenges we may face in maintaining a patient's overall oral health as they age.
<b>9.45 - 10.15</b>	<b>"Introduction to Periodontal Disease – What's New?" – Recent Research Updates</b> New concepts and terminology.
<b>10.15 - 10.30</b>	<b>Tea &amp; Coffee</b>
<b>10.45 - 11.45</b>	<b>"Classification System and S3 Guidelines"</b> A simplified version of how to work within the 'new' classification system of periodontal disease and how to implement the S3 Guidelines.
<b>11.45 - 12.15</b>	<b>"Recording Indices and Treatment Planning"</b> How to correctly record indices, and interpreting them into formation of a treatment plan.
<b>12.15 - 13.15</b>	<b>Lunch</b>
<b>13.15 - 14.45</b>	<b>"Ultrasonics and Hands-On Session"</b> A guide to the different types of ultrasonic scaling machines available and using different tips to achieve your goals. Ultrasonic machines will be available for participants to try out their techniques.
<b>14.45 - 15.45</b>	<b>"Evolution of Instruments and Look Sharp – At the Cutting Edge" (Hands-On Instrument Sharpening)</b> This session will discuss the evolution of instruments, what to look for when choosing your instruments and, more importantly, how to keep your instruments maintained and sharp for a better clinical experience.
<b>15.45 - 16.45</b>	<b>"Hands-On Session with Hand Instruments"</b> Instruments and models will be available for you to hone your techniques.
<b>16.45 - 17.00</b>	<b>Q&amp;A/Open Forum/Close of Day 1</b>
