

CUSTOM TTL

Q-Optics

Loupes & LED Lighting

TrueFit® technology, a Q-Optics exclusive, helps ensure that your custom TTL Loupes are the perfect fit for you. The human face is one of the most subtly complex parts of the human body and the fit of your loupes should be more than determining the width of your eyes. Custom measurement, custom fitting, and custom fabrication are what set us apart.
A fit as unique as you.

ERGONOMICS AND OPTICS MEET

Q-Optics loupes can bring your work area into a more defined and clear focus to prevent physical strain on your body and allow you to stay comfortable while practicing for years to come. Q-Optics has always been a standard of excellence in optics and ergonomics.

What's your "ergo" style?
